

Family Half Term Challenge

Can you go for an autumn walk with your child and encourage them to tell you about what happens at this time of year to the environment? On your walk, hunt for different autumn treasures e.g. conkers, leaves etc. Your challenge is to make a creation/picture using them, take a photo and post it on their tapestry page with any information they told you about autumn.

There will be certificates for taking part and a prize for the best photo!

Extra Challenge: How many conkers can you find and bring into school after half term? A prize for the most found!

All entries for the photos and conkers must be in by Wednesday 31st October.
