Equality Statement

The Limes is committed to the principle of equal opportunities for all. We operate an inclusive curriculum, which respects the diverse needs of every child.

This statement demonstrates our commitment to ensure full access to the progression through the curriculum for all pupils. In addition, it acts as a positive focus when considering matters of school management and organisation.

We encourage the development and promotion of positive attitudes through the implementation of a curriculum which is broad and balanced, thus enabling all pupils regardless of colour, race, creed, gender or special educational needs, to have full access to the curriculum.

We believe that by acknowledging, valuing and understanding our similarities and differences that members of our society will play an active role in contributing to our future society. The academy's touchstones, and in particular our positive behaviour expectations and learning powers are at the heart of all we do.

We recognise that prejudice can, and does, exist at all levels in our society. However, it will not be tolerated at any level within our academy.

We value all our children at The Limes and recognise the positive contribution each child can make in enriching and enhancing the ethos of our academy and wider community.

This is an annual statement made on behalf of the Local Governing Body by the Headteacher.

1 Our equality vision and values that underpin school life

Mission statement

Our mission statement, “**Growing Learners for Life**”, underpins everything we do and strive to do.

Vision

The Limes will be an inclusive setting, valuing all children’s achievements and ensuring that each child is given every opportunity to meet their full potential within a secure and stimulating learning environment.

Academy aims

- To value and recognise the uniqueness and achievement of every member of our academy family
- To raise the aspirations of everyone within our academy community so everyone strives for **personal excellence** in everything they do
- To promote British and Co-operative Values and attitudes of care, tolerance, trust and respect within the academy and wider communities.
- To provide a safe, inclusive and nurturing environment, where all children will be motivated, supported and challenged to achieve their potential in all areas of learning – intellectual, emotional, physical, social, moral, spiritual and cultural.
- To provide outstanding learning and teaching which enables all students, regardless of gender, race, background or ability, to excel
- To equip children with the resilience and perseverance to become creative and independent thinkers and to become learners for life within an ever-changing world.
- To provide an inspiring, innovative and immersive curriculum, with an emphasis on the basic skills of English, mathematics and science, designed to promote a life-long love of learning.
- To develop learning activities which stimulate positive models of enquiry, reflection, challenge and innovation.

Key values upon which the academy is based

Touchstones

The Limes Primary Academy models itself on the touchstones of REAch2, whereby as a Trust and an individual academy, we are committed to creating a culture that strongly reflects our Touchstones, seven principles that makes our academy unique and sets us apart from others. Our touchstones are used to express the values and ethos of the Trust and of The Limes, and describe what we will be known for and how we operate:

Positive Behaviour Expectations

The Limes has three main expectations which underpin all aspects of academy life. Through assemblies and throughout the curriculum these expectations make explicit the values for life which children will need to recognise and show:

- We always try our best
- We listen and learn
- We care for others and our school

These expectations go hand-in-hand with a range of other values which children will encounter and learn about at The Limes during their time within the academy. Children will be articulate in discussing these expectations and their meaning not only in the academy, but for their lives in general and implications.

2 The characteristics of our school

The Limes is situated on a new housing development, and is the first primary school to be built within the area to meet the demand for school places for thirty years. The academy's catchment brings a mixture of private and social housing, and so the community which it serves will be diverse. The academy will be two-form entry.

The Limes will be a school which is designed to meet and be responsive to the needs of the local community it serves. With two other primary schools close by, it is key that The Limes works collaboratively alongside them, but at the same time, remains distinctive.

3 Our duties

At The Limes Primary Academy we welcome our duties under the Equality Act 2010.

The Governing Body of The Limes is committed to promoting equality and diversity and eliminating discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010.

By recognising and appreciating individual needs and differences the school will be broadly representative of the communities it serves, and be a place where children and staff will thrive – physically, mentally, socially, and spiritually.

We aim to advance equality of opportunity, and foster good relations between persons who share a relevant protected characteristic and persons who do not share it. This will be achieved by implementing equal opportunities and diversity practice across the three dimensions of the School: as an employer; an educator; and a resource of the local community.

We will ensure that the whole school community is aware of the Equality & Diversity Statement and our published equality information and objectives, by informing parents that they are published on our website and in our school prospectus.

The Limes is committed to meeting its public sector statutory duties as detailed below. We understand that the duties apply to service delivery and employment and staff management as well as policy development and implementation.

The purpose of this information is to set out how our practice and policies have due regard to the need to:

- **eliminate discrimination**, harassment, victimisation and any other conduct that is prohibited by or under this Act.
- **advance equality of opportunity** between persons who share a relevant protected characteristic and persons who do not share it
- **foster good relations** between persons who share a relevant protected characteristic and persons who do not share it.

4 Protected characteristics

We understand the principle of the Act and the work needed to ensure that those with protected characteristics are not discriminated against and are given equality of opportunity. A protected characteristic under the act covers the groups listed below:

- disability (as defined by the equality Act 2010) and those who have additional educational needs
- groups of pupils whose prior attainment may be different from that of other groups
- those who are academically more able
- pupils for whom English is an additional language
- looked after children
- young carers
- ethnicity
- religion and belief
- pupils from low income backgrounds

- Gypsy, Roma and Traveller children

- maternity and pregnancy (for employees)
- marriage and civil partnership (for employees)

5 Disability

At The Limes, we implement accessibility plans which are aimed at:

- increasing the extent to which disabled pupils can participate in the curriculum;
- improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided;
- improving the availability of accessible information to disabled pupils.

6 How we meet our legal and general duties

In order to meet our general duties, listed above, the law requires us to do some specific duties to demonstrate how we meet the general duties. These are to:

1. Publish equality information

No information will be published which could specifically identify any individual child or adult.

2. Prepare and publish equality objectives

To do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. The data will be assessed across our core provisions as a school. This will include the following functions:

- Admissions
- Attendance
- Attainment
- Exclusions
- Prejudice related incidents

We will use the information collected to:

- evaluate how well we comply with all our duties under the Equality Act
- assess the potential and actual impact of policies and procedures
- decide where positive action may be appropriate
- identify priorities, set equality objectives and update our accessibility plan
- monitor progress towards meeting these objectives and implementing our accessibility plan
- inform future action.

Our objectives will detail how we will ensure equality is applied to the services listed above; however, where we find evidence that other functions have a significant impact on any particular group we will include work in this area.

7 Core Statements

In fulfilling our legal obligations we will be guided by seven core statements:

- All learners are of equal value.
- We recognise, welcome and respect diversity.
- We foster positive attitudes and relationships, and a shared sense of belonging.
- We observe good equalities practice, including staff recruitment, retention and development.
- We aim to reduce and remove existing inequalities and barriers.
- We consult and involve widely
- We strive to ensure that society will benefit.

8 Addressing Prejudice Related Incidents

Our academy is opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice related discrimination may fare less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice to prevent any incidents. If incidents still occur we address them immediately and report them to the Local Authority using their guidance material.

9 Chain of accountability

The Local Governing Body, supported by the Headteacher and staff, is responsible for ensuring the implementation of this scheme.

The Headteacher retains overall responsibility for ensuring that the action plan is delivered effectively.

Each term, managers and key staff will report to the Headteacher on actions and progress.

Governors will discuss the impact of the Equality Information and Objectives annually as part of the policy review.

All staff are responsible for delivering the scheme both as employees and as it relates to their area of work.

It is a way to ensure we meet diverse needs of our pupils/students and staff and that diversity, equality and inclusion run through all areas of school life.

13 Commitment to review

The academy equality scheme is aligned with the School Development Plan. Its implementation is monitored within the school's self-evaluation and other review processes (The Senior Leadership Team and Governing Body) as well as being updated at least annually. Following this regular impact assessment, the whole equality scheme will be reviewed at least every four years.

We will publish information annually on the school website, in our school prospectus.
