

Year 1 Weekly Newsletter
Topic - Historical Heroes
Week commencing - 14.09.20

Maths

This week we will be learning to count backwards and forwards from 10/20. We will also be looking at one more and one less within 10/20.

English and Phonics

We are going to be learning about capital letters and when you need to use them. We will be learning that an adjective is a describing word and writing lots of clues about toys and our friends. Can we guess what or who the clues are about?

Geography, History and Science

We will be learning what an aerial photo is and looking at aerial photos of different objects and places. We will also be looking at different maps and creating our own maps.

Art, Music, DT and Computing

We will be thinking about the different seasons and what a tree would look like in Spring, Summer, Autumn and winter. We will be painting pictures of seasonal trees.

P.E.

We will be learning some playground games that we can play together at break and lunch times.

PSHE and RE

During circle time we will be describing one of our friends and seeing if others can guess who we are describing.

Other news

We have had a great start to Year 1 and the children have settled brilliantly!

Can we please remind parents that water bottles should contain only water.

Please can all reading books be returned by Monday and we will issue new books on a Wednesday. This gives you plenty of time to read the book 3 times and enables us to have 2 days to change the books on a rotation system. Thank you.
