

Year 1 Weekly Newsletter
Topic - Historical Heroes
Week commencing - 16.11.2020

Maths

In Maths this week we are learning all about shapes and their properties. We will be looking at 2D (flat shapes) and also 3D shapes. Keep an eye out for different shapes to spot when you are walking to school!

English and Phonics

This week we are continuing to learn about the Great Fire of London in 1666. We will be looking at the facts, and writing these in our very own newspaper reports. We will be looking closely at the features of writing a newspaper report, such as a headline, sub heading and writing in columns.

Geography, History and Science

We will be creating our own timeline of events for the Great Fire of London, making sure that these are in chronological (date/time) order.

Art, Music, DT and Computing

In Music this week we will be listening to and appraising different types of music and giving our opinions. We will think about how the music makes us feel inside, and what way it makes us want to move.

P.E.

During PE we will be using the apparatus in the hall. We will practice how to move it, and use it safely during gymnastics.

PSHE and RE

This week we will be understanding more about the Hindu festival Diwali and comparing it to our own familiar celebrations such as birthdays and Christmas. We will also be learning more about the emergency services and different scenarios that would be an emergency.

Other news

Next week we are hoping for each child to make a model of a house to go in our Great Fire of London street scene. Please could you bring any cardboard boxes into school in a tied or sealed bag by Monday 25.11.20 so that we may quarantine these before using them later in the week.

Please continue to upload any learning that your child does at home onto Tapestry, we really do enjoy seeing what learning the children share with you at home.
