

## Year 2 Information Sheet

Let's have a look at the week ahead...

Week beginning 21.3.22

### Celebration assembly awards this week:

**Learning Hero:** Billee-Mae

**Reader of the week:** Zara

**Marvellous Manners:** Shyla-Mae

**Sports Hero of the Week:** Freddy

### Maths

We are going to be starting our unit on money, first of all looking at the value of coins and comparing them.

Any practice at home with money would be fantastic!

### Timestable Rockstars

We have been so impressed by how well the children have taken to Timestable Rockstars! It has been excellent to see so many children playing along at home and seeing how many coins they have achieved! A reminder that our focus timestables in Year 2 are the 2, 5 and 10 times table.

A huge well done to...

**Koraycan**

**Ashton**

**Freddy**

**Lillie-Blue**

**Stas**

**Harry**

who got **10/10** or **improved their score** on their spellings this week!

Spellings for this *half term* have been sent out last week, let me know if you haven't received one.

### Notices

Please could all Year 2 pupils come in their PE kits on Mondays and Thursdays.

Next Friday we are dressing up in yellow and blue to raise money to support those in Ukraine.

### Reading

Thank you to those of you who joined us this morning for our first session reading with parents! The children loved showing you around our classroom after so long not being able to come in. This will be happening every Friday if you are able to come along - no worries if you have work/other commitments, we will make sure those children are read with :)

### Wider Curriculum

In computing we are going to be looking at creating a bar chart on Microsoft Excel.

In geography, we are going to be continuing our topic on continents of the world, looking at poles and the equator.

In science, we would be looking at how temperature affects plants growth.
