

Equality Statement, Information and Objectives

Equality Statement

The Limes Primary Academy is committed to the principle of equal opportunities for all. We operate an inclusive curriculum, which respects the diverse needs of every child.

This statement demonstrates our commitment to ensure full access to the progression through the curriculum for all pupils. In addition, it acts as a positive focus when considering matters of school management and organisation.

We encourage the development and promotion of positive attitudes through the implementation of a curriculum which is broad and balanced, thus enabling all pupils regardless of colour, race, creed, gender or special educational needs, to have full access to the curriculum.

We believe that by acknowledging, valuing and understanding our similarities and differences that members of our society will play an active role in contributing to our future society. The academy's touchstones, and in particular our positive behaviour expectations and learning powers are at the heart of all we do.

We recognise that prejudice can, and does, exist at all levels in our society. However, it will not be tolerated at any level within our academy.

We value all our children at The Limes Primary Academy and recognise the positive contribution each child can make in enriching and enhancing the ethos of our academy and wider community.

This is an annual statement made on behalf of the Local Governing Body by the Headteacher.

Headteacher

Key values upon which the academy is based

Touchstones

The Limes Primary Academy models itself on the touchstones of REACh2, whereby as a Trust and an individual academy, we are committed to creating a culture that strongly reflects our Touchstones, seven principles that makes our academy unique and sets us apart from others. Our touchstones are used to express the values and ethos of the Trust and of our school, and describe what we will be known for and how we operate:

Positive Behaviour Expectations

The Limes Primary Academy has three learning powers which underpin all aspects of academy life. Through assemblies, curriculum and recognition these expectations make explicit the values for life which children will need to recognise and show:

Growing learners for life.

We are responsible.

We are resilient.

We are reflective.

2 Our duties

The Local Governing Body of The Limes Primary Academy is committed to promoting equality and diversity and eliminating discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010.

By recognising and appreciating individual needs and differences the school will be broadly representative of the communities it serves, and be a place where children and staff will thrive – physically, mentally, socially, and spiritually.

We aim to advance equality of opportunity, and foster good relations between persons who share a relevant protected characteristic and persons who do not share it. This will be achieved by implementing equal opportunities and diversity practice across the three dimensions of the School: as an employer; an educator; and a resource of the local community.

We will ensure that the whole school community is aware of the Equality & Diversity Statement and our published equality information and objectives, by informing parents that they are published on our website and in our school prospectus.

The Limes is committed to meeting its public sector statutory duties as detailed below. We understand that the duties apply to service delivery and employment and staff management as well as policy development and implementation.

The purpose of this information is to set out how our practice and policies have due regard to the need to:

- **eliminate discrimination**, harassment, victimisation and any other conduct that is prohibited by or under this Act.
- **advance equality of opportunity** between persons who share a relevant protected characteristic and persons who do not share it

- **foster good relations** between persons who share a relevant protected characteristic and persons who do not share it.

- improving the availability of accessible information to disabled pupils.

5 How we meet our legal and general duties

In order to meet our general duties, listed above, the law requires us to do some specific duties to demonstrate how we meet the general duties. These are to:

1. Publish equality information No information will be published which could specifically identify any individual child or adult.

2. Prepare and publish equality objectives To do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. The data will be assessed across our core provisions as a school. This will include the following functions:

- Admissions
- Attendance
- Attainment
- Exclusions
- Prejudice related incidents

We will use the information collected to:

- evaluate how well we comply with all our duties under the Equality Act
- assess the potential and actual impact of policies and procedures
- decide where positive action may be appropriate
- identify priorities, set equality objectives and update our accessibility plan
- monitor progress towards meeting these objectives and implementing our accessibility plan
- inform future action.

Our objectives will detail how we will ensure equality is applied to the services listed above; however, where we find evidence that other functions have a significant impact on any particular group we will include work in this area.

6 Core Statements

In fulfilling our legal obligations we will be guided by seven core statements:

- All learners are of equal value.
- We recognise, welcome and respect diversity.
- We foster positive attitudes and relationships, and a shared sense of belonging.
- We observe good equalities practice, including staff recruitment, retention and development.
- We aim to reduce and remove existing inequalities and barriers.
- We consult and involve widely

- We strive to ensure that society will benefit.

7 Addressing Prejudice Related Incidents

Our school is opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice related discrimination may fare less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice to prevent any incidents. If incidents still occur we address them immediately and report them to the Local Authority using their guidance material.

Each term, managers and key staff will report to the Headteacher on actions and progress.
